

Accident Insurance

# Help minimize the financial impact that can come with an accidental injury

## What is it?

Accident Insurance pays you benefits for specific injuries and events resulting from a covered accident. Accident Insurance is a limited benefit policy. It is not health insurance, and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

## Who can be covered?

You have the option to enroll yourself as well as your spouse and children in Accident Insurance coverage to meet your needs.

\*The use of "spouse" in this document means a person insured as a spouse as described in the certificate of insurance or rider.

\*\*The definition of "child" may vary by state. Please contact your employer for more information.

## Why should I consider it?

-  Benefits will be paid directly to you to use for any purpose, such as paying out-of-pocket medical expenses, copays, deductibles, groceries, gas, utilities and more – it's up to you.
-  Coverage is always guaranteed issue.
-  Your coverage can go with you if you leave your employer or retire, and you'll be billed directly.

## How much does it cost?

This table shows your rates for Accident Insurance.  
The cost provided below includes Accident Insurance premium and a fee for Voya Travel Assistance.

Monthly Rates			
Employee	Employee and Spouse	Employee and Children	Family
\$8.93	\$16.67	\$16.67	\$24.41

## What kinds of injuries and treatments does it cover?

Your Accident Insurance coverage is always guaranteed issue, and it provides a benefit payment after a covered accident that results in specific injuries and treatments. You may be required to seek care for your injury within a set amount of time. The following list presents a sample of the benefits provided by Accident Insurance. State variations may apply. For a complete description of your available benefits, see your certificate of insurance and any riders.

<sup>1</sup> Laceration benefits are a total of all lacerations per accident. Payable once per covered accident. If your injury qualifies as both a laceration and puncture wound, only one benefit in the higher amount will be payable.

<sup>2</sup> Complete separated joint that does not require a surgical repair. If you receive more than one dislocation in the same covered accident, a benefit is payable for all dislocations. However, the benefit amount will be no more than two times the benefit amount for the joint involved which pays the highest benefit amount. Other limitations and maximums may apply.

<sup>3</sup> Completely separated joint that requires surgical repair. If you receive more than one dislocation in the same covered accident, a benefit is payable for all dislocations. However, the benefit amount will be no more than two times the benefit amount for the joint involved which pays the highest benefit amount. Other limitations and maximums may apply.

<sup>4</sup> Fracture that does not require a surgical repair. If you receive more than one fracture in a covered accident, a benefit is payable for all fractures. However, the benefit will be no more than two times the benefit amount listed for the bone which pays the highest benefit amount.

<sup>5</sup> Fracture that does require surgical repair. If the doctor diagnoses the fracture as a chip fracture, the benefit will be reduced to a percentage of what would have been paid for a Non-Surgical Repair Fracture of the same bone. If you receive more than one fracture in a covered accident, a benefit is payable for all fractures. However, the benefit will be no more than two times the benefit amount listed for the bone which pays the highest benefit amount.
